

**TUE. 17 JUNE 2025**

# **OPEN SCIENCE : ISSUES, PRACTICES, AND PERSPECTIVES**

*A day to understand and act together*

**FROM 8:30 TO 17:30**

**Campus Moulin-à-Vent, Amphi 5,**  
or via video conference <https://bit.ly/3Rh5cjf>

## **SUMMARY**

This open science day is the first event dedicated to Open Science and organized at the UPVD. This will be an opportunity to raise awareness and to provide information on the policies implemented and their consistency, and to discuss practices based on examples and testimonials from various disciplines.

The morning session will aim to place open science in a national context and shed light on regional implementation through feedback from various institutions. These discussions will be followed by a talk on ethical and legal aspects.

The afternoon will be an opportunity to discuss open science practices based on testimonials from researchers from various disciplines. There will also be time for discussion on new models of open publishing and the opportunity that open science represents for rethinking scientific publishing.

*This open science day is part of the activities carried out within the ACROSS  
European university alliance.*

*Registration is free,  
but mandatory*
